

# Use Google Maps

Windward System Five can be configured to use Google maps for both maps and driving directions. **You need an internet connection to use internet utilities such as google maps, etc.** This can be accessed from several places in the software:

- The “e-tools” menu on a customer record
- From a task, clicking the blue address and choosing “Map” or “Driving directions” from the menu.
- From the “Deliveries” tab on an invoice. Click the “View Map” or “Driving Directions” buttons.

The screenshot shows the 'Customer Smith, Johnny\*' window in Windward System Five. The 'eTools' menu is open, showing options: Map, Driving Directions, Find Phone Number, and Find Postal Code. The form contains the following fields:
